DEMONSTRATION AT
COLLEGE PLANNED

Las Cruces, N. M., Dec. 19.—The United States experiment station council held a meeting at the New Mexico Agricultural college and decided upon holding a big farmers' institute meeting at the college about the middle of January. The meeting will be on the order of a demonstration, each department of the experiment station being thrown open to the visitors and practical demonstrations given of the work that has been accomplished and of the new work which has been outlined for next year. The use of improved machinery will be explained and a summary of results obtained by the use of such implements will be given.

It is the intention to make the institute an all day affair and lunch will be served on the grounds to all present. The railroads will be asked to make special rates for the occasion. Accommodations will be arranged for a large crowd, as it is believed that the institute will be largely attended.

Terrible Suffering

Ecema All Over Baby's Body.
"When my baby was four months old his face broke out with ecema, and at sixteen months of age, his face, hands and arms were in a dreadful state. The ecema spread all over his body. We had to put a mask or cloth over his face and tie up his hands. Finally we gave him Hood's Sarsaparilla and in a few months he was entirely cured. Today he is a healthy boy." Mrs. Inez Lewis, Baring, Maine.
Hood's Sarsaparilla cures blood diseases and builds up the system.
Get it today in usual liquid form or chocolate tablets called Sarsatabs.

HOME RUSH MADE BY
MEXICAN LABORERS

Special Train Brings 537 to
Town From Railroad
Work.

Revolution, "grim visaged war" as the Chihuahua papers call the little opera bouffe affair now playing to standing room only in western Chihuahua, apparently broke out at the union station Sunday afternoon, throwing the ice water chill of fear up the spines of the eastern tourists. A special train arrived over the Santa Fe from the north carrying 537 peon workmen who had been employed along the Santa Fe right-of-way and were being it back to their own, their native land, to escape the cold.

The peons piled off the train and took the station by storm. They were herded in the enclosure until the departure of the National Railway train Sunday evening.
